PROFESSIONAL SUMMARY

Highly motivated and detail-oriented Full-Stack / Front-End / Back-End Developer with experience in building responsive web applications, APIs, and modern user interfaces. Skilled in JavaScript, React, Node.js, Express, and database management. Demonstrated ability to solve complex problems, write clean code, and deliver high-performance solutions. Passionate about continuous learning, collaboration, and creating meaningful digital products.

TECHNICAL SKILLS

Languages	JavaScript (ES6+)	TypeScript| HTML5	CSS3	SQL	MongoDB Query Language	
Frontend	React.js	Tailwind CSS	Next.js	Redux Toolkit	Framer Motion	
Backend	Node.js	Express.js	RESTful APIs	JWT Authentication	bcrypt	Mongoose	
Database	MongoDB	MySQL	Firebase	
Dev Tools	Git & GitHub	Postman	VS Code	npm	Thunder Client	Docker	
Others	Responsive Design	Figma	API Integration	Error Handling	Deployment (Render)	

PROJECTS

1. Full-Stack Authentication System

Tech: Node.js, Express, JWT, MongoDB

- Built secure user registration & login system with encrypted passwords.

- Implemented token-based auth, role management and protected routes.

- Tested endpoints using Postman.

2. React Service Website (Garage / Mechanic / Business Platform)

Tech: React, Tailwind, Framer Motion

- Designed a modern multi-page website with animations, sliders, and mobile responsiveness.

- Integrated dynamic service sections, image carousels, and reusable components.

- Improved loading time with optimized assets.

3. Car Tow & Breakdown Assistance App (API + UI)

Tech: React, Node.js, Express

- Built API to store locations and service requests.

- Created dashboard UI for mechanics and users.

- Integrated Google Maps API (optional).

WORK EXPERIENCE

Junior Web Developer / Freelance Developer

- Built complete websites and landing pages for clients using React & Tailwind.

- Created backend APIs for authentication, forms, and booking systems.

- Used GitHub for version control and deployed applications online.

- Collaborated with clients to gather requirements and deliver custom solutions.

- Debugged errors and improved performance of web applications.

EDUCATION

Certificate in Web Development & UI/UX Design
IYF Organization

ACHIEVEMENTS

- Built and deployed multiple real-world applications.

- Improved page load speed by optimizing images & components.

- Participated in hackathons/tech communities.

- Completed 100+ hours of coding practice.

SOFT SKILLS

- Problem-solving

- Team collaboration

- Communication

- Time management

- Attention to detail

- Adaptability
